

APPENDIX 1 – Region III Regional Response Team (RRT3) Primary Member Contact List

The Regional Response Team (RRT) consists of regional representatives of participating Federal agencies and representatives of state, commonwealth, territorial, and tribal government agencies. Each agency shall designate one member and a sufficient number of alternates to ensure representation at an RRT activation in the event that the member is unavailable. The agency membership on the RRT is established by the NCP. Standing RRT Members, State Natural Resource Trustees, Oil Spill Liability Trust Fund (OSLTF) designees, and Federal On-Scene Coordinators (FOSC) are identified in this appendix.

The contact information for all RRT members are maintained in the Master Contact List accessible by the RRT Coordinators. This listing will be routinely updated following each semi-annual RRT meeting. All agencies shall immediately notify the RRT Co-Chairs and Coordinators, in writing, of any changes in their agency's representatives as they occur. The Standing RRTs primary functions are to ensure adequate planning, training and advanced coordination have been accomplished in order to provide all necessary assistance to the Federal On-Scene Coordinator's (FOSC's) response efforts and is the basis for membership during an Incident Specific RRT activation.
