

FEMA Region II Operations Planning

Caribbean Regional Response Team
August 8, 2013

Presenter: Newton Tang
FEMA Region II Response Division

FEMA

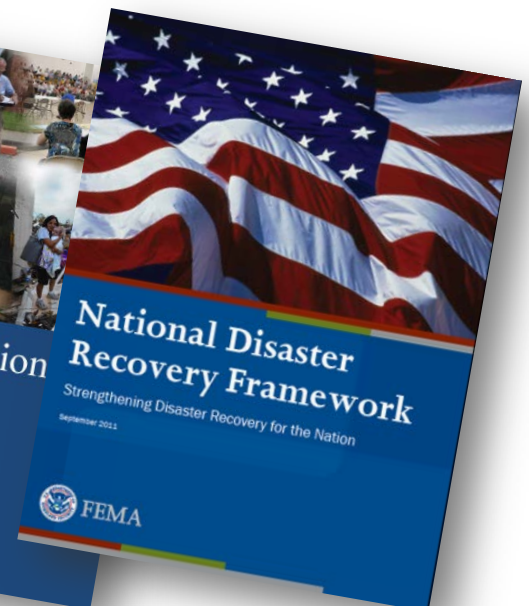

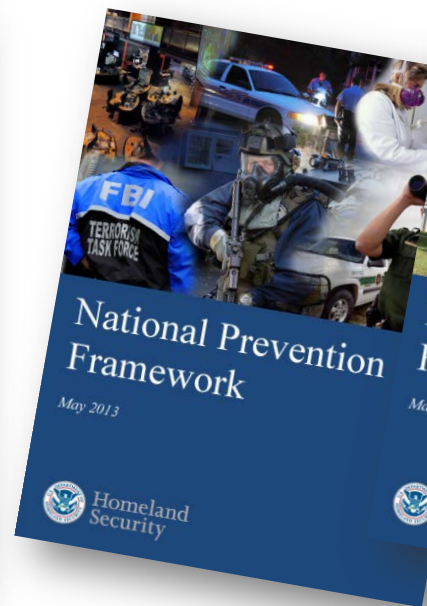

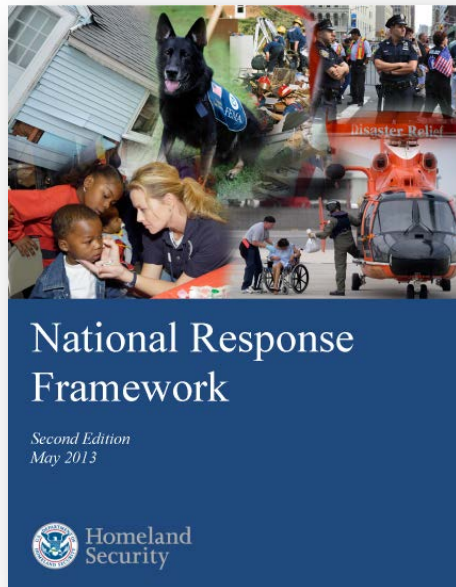

Agenda

- The National Planning Frameworks
- The National Response Framework
- Response Core Capabilities
- Federal Interagency Operational Plans
- FEMA Region II Plans
- Questions

FEMA

National Planning Frameworks

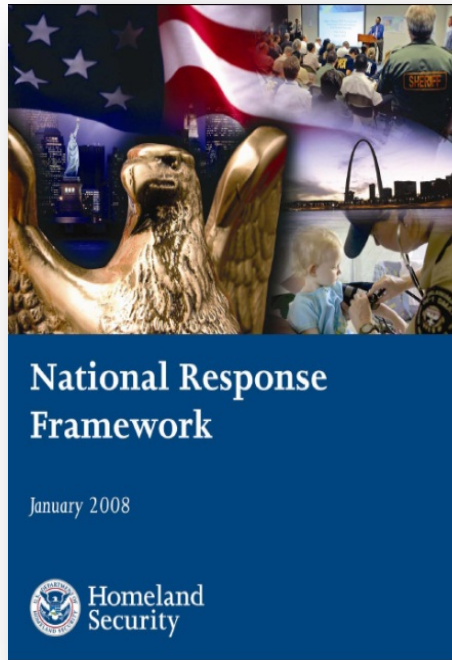

National Preparedness Goal: A secure and resilient nation with the capabilities required across the whole community to prevent, protect against, mitigate, respond to, and recover from the threats and hazards that pose the greatest risk.

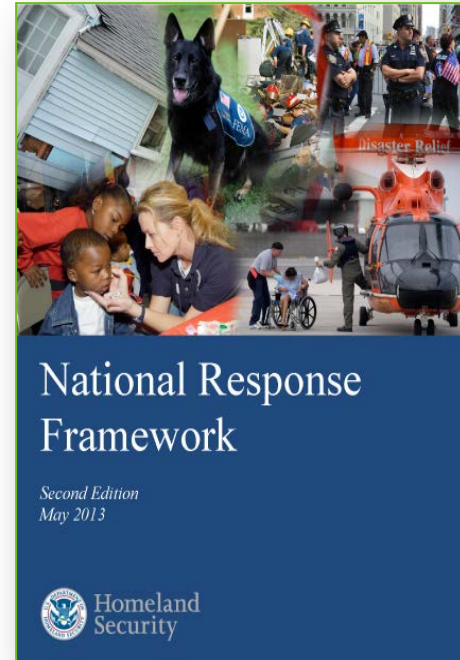

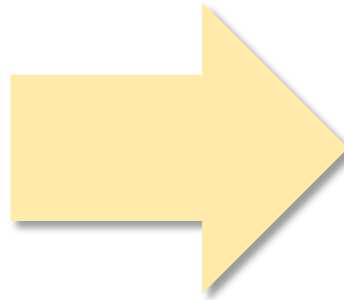

FEMA

National Response Framework

2008 edition

2013 edition

FEMA

National Response Framework

The Response Framework covers:

- “Whole Community” concept
- Core capabilities necessary to save lives, protect property and the environment, and meet basic human needs after an incident has occurred.

The Response Framework has five guiding principles:

- Engaged partnership
- Tiered response
- Scalable, flexible, and adaptable operational capabilities
- Unity of effort through unified command
- Readiness to act

FEMA

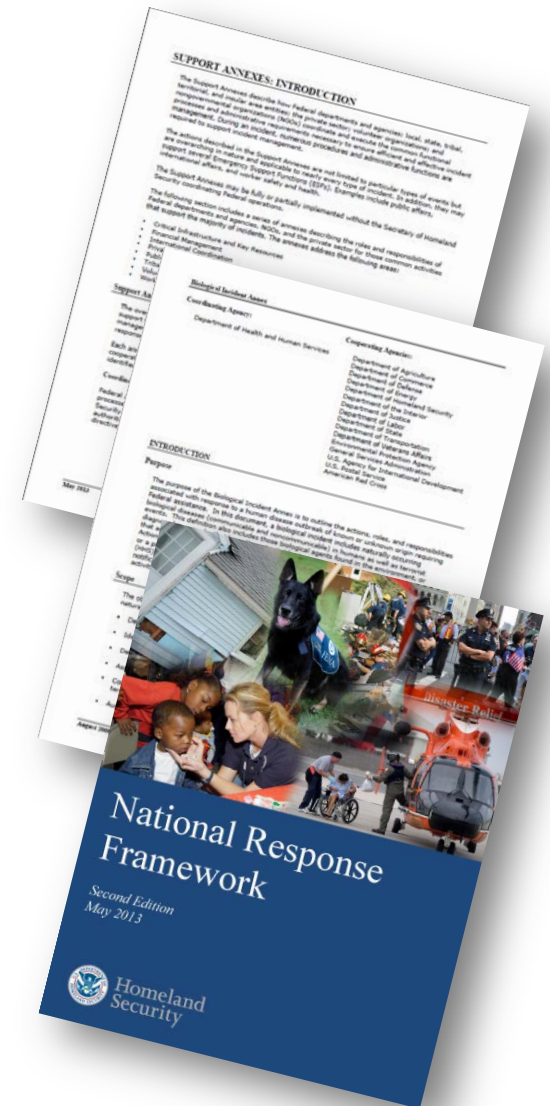

NRF Annexes

Support Annexes

- Critical Infrastructure
- Financial Management
- International Coordination
- Private Sector Coordination
- Tribal Coordination
- Volunteer and Donations Management
- Worker Safety and Health

Incident Annexes

- Biological Incident
- Catastrophic Incident
- Cyber Incident
- Food and Agriculture Incident
- Mass Evacuation Incident
- Nuclear/Radiological Incident
- Terrorism Incident
- Law Enforcement and Investigation

FEMA

Response Core Capabilities

PREVENT	PROTECT	MITIGATE	RESPOND	RECOVER
Planning	Planning	Planning	Planning	Planning
Public Information and Warning	Public Information and Warning	Public Information and Warning	Public Information and Warning	Public Information and Warning
Operational Coordination	Operational Coordination	Operational Coordination	Operational Coordination	Operational Coordination
Forensics and Attribution	Access Control and Identity Verification	Community Resilience	Critical Transportation	Economic Recovery
Intelligence and Information Sharing	Cybersecurity	Long-Term Vulnerability Reduction	Environmental Response / Health and Safety	Health and Social Services
Interdiction and Disruption	Intelligence and Information Sharing	Risk and Disaster Resilience Assessment	Fatality Management Services	Housing
Screening, Search and Detection	Interdiction and Disruption	Threats and Hazard Identification	Infrastructure Systems	Infrastructure Systems
	Physical Protective Measures		Mass Care Services	Natural and Cultural Resources
	Risk Management for Protection Programs and Activities		Mass Search and Rescue Operations	
	Screening, Search and Detection		On-Scene Security and Protection	
	Supply Chain Integrity and Security		Operational Communications	
			Public and Private Services and Resources	
			Public Health and Medical Services	
			Situational Assessment	

FEMA

Environmental Response / Health & Safety

Environmental Response / Health & Safety:

Ensure the availability of guidance and resources to address all hazards including hazardous materials, acts of terrorism, and natural disasters in support of the responder operations and the affected communities.

FEMA

Sample Critical Tasks:

- Conduct health and safety hazard assessments and disseminate guidance and resources, to include deploying hazardous materials teams, to support environmental health and safety actions for response personnel and the affected population.
- Assess, monitor, perform cleanup actions and provide resources to meet resource requirements and to transition from sustained response to short-term recovery.

Federal Interagency Operational Plans

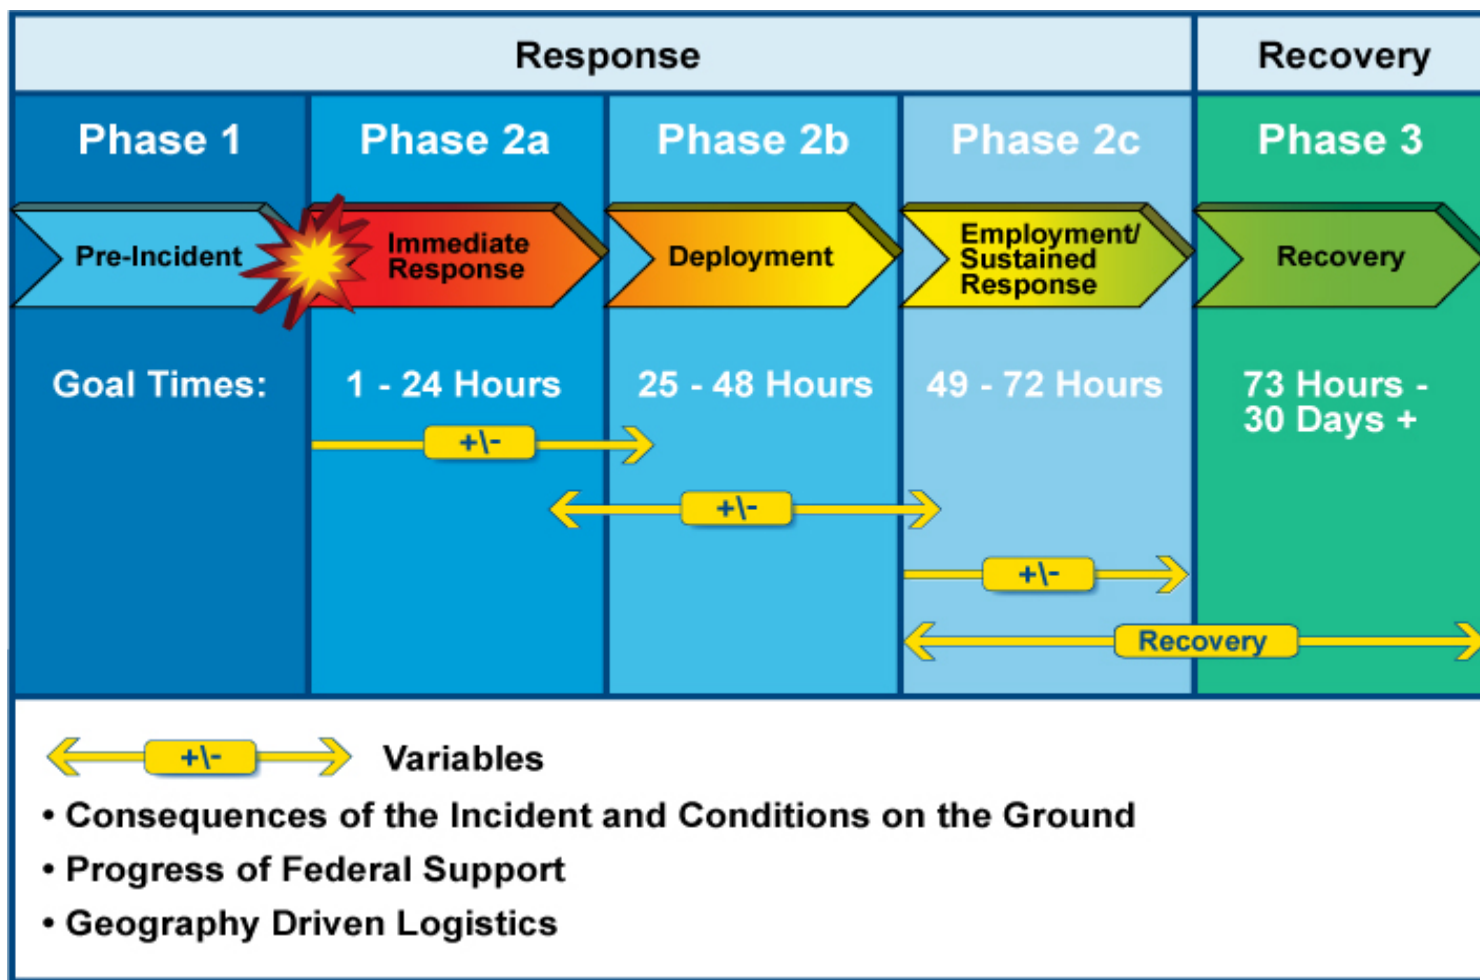

Federal Interagency Operational Plans will go into greater detail on...

- Priorities
- Concept of Operations (Action Strategies)
- Develop courses of actions for each Core Capability
- Ways to use resources (Tactical Planning)

FEMA

Response Phasing

FEMA

Region II Operations Plans Completed

All Hazards Plan (2012)

- Deploy adequate environmental response capabilities within 48 hours to impacted jurisdictions to mitigate oil and hazardous substances spills or releases and prepare responders for contact with environmental hazards.

Puerto Rico Earthquake & Tsunami Plan (2012)

- Within 24 hours of the tsunami, support the identification and containment of life-threatening HAZMAT releases, the assessment of debris, and provide event specific environmental health and safety guidance/required equipment to the Unified Coordination Group (UCG) for responders and affected communities.

US Virgin Islands Earthquake & Tsunami Plan (2012)

- Contain or stabilize life-threatening HAZMAT situations within 48 hours of the incident.

FEMA

Plans in Development

NYC & Jersey City/Newark Urban Area Security Initiative (UASI) Medical Countermeasures Plan (2014)

- Objectives TBD

CONUS & OCONUS Hurricane Plans (2013-2014)

- Objectives TBD

NYC Improvised Nuclear Device (IND) Response Plan (2015)

- Objectives TBD
