

# Endpoint Discussion

Coordinated by

Debbie Lindsey (EPA)

Alan Williams (MDE)

Frank Csulak (NOAA)

# Questions for Discussion

- Who determines the Endpoints on a Response?
- Who determines when the endpoints are met, or are not met?
- Who decides when shoreline segments are removed from the process?
- Who signs off on the endpoints being met?
- What if the endpoints are ultimately determined to be unattainable for portions of the response?
  - Can we revise the endpoints?

## Questions for Discussion, Continued

- What if the endpoints are ultimately determined to be unattainable for portions of the response?
  - Can we revise the endpoints?
  - What is required to change the endpoints
  - Who signs off on this decisions?
